

Tuesday 18th June 2019

Dear Parents / Carers,

This brief letter is to inform you that we are admitting a new pupil to Eastlea next week who has a nut allergy. It is a few years since we have had this situation in school and therefore need to ask that **nuts/seeds or any products containing nuts/seeds are not brought into school in packed lunches etc.** I hope this will not prove to be too inconvenient but you will understand that this is to secure the well-being of the pupil concerned. Parents who have been with us a while will remember that when we had to have the same measures in place a couple of years ago the system worked successfully. Thank you in advance!

Yours sincerely

Miss E Beeston, Head Teacher
